

REMARKS

Claims 7-10 and 19-23 are pending in the present application.
Reconsideration and allowance are respectfully requested.

Statement of the Substance of the Interview

Applicants thank the Examiner for the courtesies extended in the interview conducted on March 13, 2007. A copy of the Interview Summary, which accurately reflects the content of the interview, is attached as Appendix A. In accordance with 37 C.F.R. § 1.133(b), Applicants submit the following:

- 1) No exhibits were shown and no demonstrations were conducted.
- 2) Claim 7 was discussed.
- 3) U.S. Patent No. 6,367,009 B1 to Davis et al. was discussed.
- 4) No amendments were discussed.
- 5) The limitation of the "requester assuming the identity of the machine" is not taught by Davis. Davis discloses the web server assuming the identity of the client.
- 6) No other matters were discussed.
- 7) The examiner suggested that the Applicant file an After Final to avoid going to Appeal.

During the interview, it was agreed that claim 7 is patentable over Davis. Applicants respectfully assert that claims 8-10 and 19-23 also recite patentable subject matter.
